

The schools in School District No. 23 will be providing Early Learning opportunities for families to build connections between home and school. Research clearly indicates that when parents are involved in their children’s education, their children do better.

The Early Learning opportunities includes a district program called **ELFF** (Early Literacy for Families) as well as **Ready, Set, Learn** which is a school readiness initiative sponsored by the Ministry of Education. These programs, held in conjunction with each other, provide an opportunity for elementary schools to influence school readiness of children

Our **ELFF/Ready, Set, Learn** program will include...

- Enjoying healthy food
- Learning together
- Playing together with our children
- Giving you a “goodie bag” for home

Check the schedule for the dates that your neighbourhood school is offering this program then **please contact your school for the time of their event and instructions on how to register.**
