CENTRAL OKANAGAN PUBLIC SCHOOLS – BOARD COMMITTEE REPORT

COMMITTEE: Finance and Audit Committee Meeting DATE: February 20, 2019

CHAIRPERSON: Trustee C. Cacchioni STAFF CONTACT: D. Carmichael, Assistant Secretary-Treasurer

The Committee Chairperson acknowledged that the meeting was being held on the Traditional Territory of the Okanagan People.

In attendance:

Board of Education:

Trustee R. Cacchioni (Chairperson)
Trustee J. Fraser (Committee Member)

Trustee L. Tiede (Committee Member) – via teleconference

Trustee M. Baxter

Trustee A. Geistlinger – *via teleconference*

In attendance:

Staff:

K. Kaardal, Superintendent of Schools/CEO E. Sadlowski, Secretary-Treasurer/CFO

D. Carmichael, Assistant Secretary-Treasurer

V. Dougans, Finance Manager

M. DesRochers, Executive Assistant (Recorder)

Absent:

T. Beaudry, Deputy Superintendent of Schools

Partner Group Representation:

COTA Susan Bauhart, President (left at 4:57 pm)

COPAC No Representation
COPVPA Mike Dornian, Treasurer
CUPE David Tether, President
No Representation

Agenda/Additions/Amendments/Deletions

Add: Materials for Action Item 6.3 Funding Review Panel Recommendations – Discussion Add: New Information Item 7.1 Typical Average District Costs of Various Staffing Positions

February 20, 2019 Agenda – approved as amended.

Reports/Matters Arising

January 23, 2019 Committee Report – received as presented.

Presentation

1. 2019-2020 Budget Presentation

The Assistant Secretary-Treasurer presented an overview on how the District's operating budget is allocated as well as the predicted 2019-2020 budget pressures and responded to Trustee and partner group queries. The budget presentation is posted on the District website.

4:25 pm: Trustee Baxter left the meeting.

4:27pm: Trustee Baxter rejoined the meeting.

4:27 pm: The Superintendent of Schools/CEO left the meeting.

4:29 pm: The Superintendent of Schools/CEO rejoined the meeting.

Discussion/Action Items

1. Amendments to Policy 160 – Finance and Audit Committee

The Assistant Secretary-Treasurer outlined the amendments to Policy 160 – Finance and Audit Committee.

Outcome:

The Committee recommended that the Board of Education approve the amendments to Policy 160 – Finance and Audit Committee, as attached to the Agenda, and as presented at the February 20, 2019 Finance and Audit Committee Meeting.

2. Amendments to Policy 190 – Trustee Expenses

The Assistant Secretary-Treasurer stated that updates to *Policy 190 – Trustee Expenses* were made as per the Committee's direction at the January 23, 2019 Finance and Audit Committee Meeting.

An additional amendment to include 'school district' in front of office supplies on the first paragraph of hand stamped page 012.

Outcome:

The Committee recommended that the Board of Education approve the amendments to Policy 190 – Trustee Expenses, as amended at the February 20, 2019 Finance and Audit Committee Meeting.

3. Funding Review Panel Recommendations – Discussion

The Committee Chair stated that the information regarding the Funding Review Panel Recommendations forwarded to the Finance and Audit Committee is provided for review and recommended further discussion by the Finance and Audit Committee.

The Committee agreed to schedule an additional Finance and Audit Committee Meeting on March 6, 2019 at 4:00 pm.

The Assistant Secretary-Treasurer outlined the references as well as staff thoughts and concerns provided for each recommendation to assist in the Finance and Audit Committee Meeting's review.

The Committee discussed documentation from both the BC Trustees Association and BC Teachers' Federation regarding the Funding Model Review and requested that these documents be sent to the members of the Finance and Audit Committee along with the full Ministry of Education's Funding Model Review Report prior to the March 6, 2019 Finance and Audit Committee Meeting.

4:57 pm: The COTA President left the meeting.

The Superintendent of Schools/CEO advised that a separate group of Funding Model Review Recommendations have been forwarded to the Education and Student Services Committee for review.

Discussion/Information Items

1. Typical Average District Costs of Various Staffing Positions

The Committee Chair stated that the Budget Survey was posted on the website and then removed due to concerns with the figures included relating to some staffing positions.

The Assistant Secretary-Treasurer provided an updated chart that includes additional positions and average District cost details and requested approval to re-post the survey with the revised *typical average district costs of various staffing positions* chart.

The Committee and partner groups agreed with the revised *typical average district costs of various staffing positions* chart and requested that a statement be added to provide a clearer purpose. The Budget Survey will be reposted on the District's website.

Items Requiring Special Mention

1. BC Provincial Budget

The Secretary-Treasurer/CFO stated that the BC Provincial Budget was announced on Tuesday, February 19, 2019. Highlights for school districts include a commitment to fund the employer health tax and increased capital funding for schools. In regards to the increase in capital funding for schools, including a school in Kelowna, the District has confirmed that this refers to the new H.S. Grenda Middle School in Lake Country.

The Superintendent of Schools/CEO shared that the Ministry of Education distributed a Service Plan. The Ministry of Education's Service Plan will be provided to the Finance and Audit Committee.

Recommendations/Referrals to the Board/Coordinating Committee/Other Committees

Public Board Meeting:

- Amended Policy 190 Trustee Expenses (Action Item)
- Amended Policy 160 Finance and Audit Committee (Action Item)

Items for Future Finance and Audit Committee Meetings

Public Finance and Audit Meeting:

- Funding Review Panel Recommendations Discussion
- Regulations 470R Transportation Services Management (Discussion Item)

Rolli Cacchioni, Chairperson

Improving Equity and Accountability Report of the Funding Model Review Panel 2018

THEME 1: EQUITY OF EDUCATIONAL OPPORTUNITY

This was the overarching aspiration of the Panel – to allocate funding in order to support improved student outcomes by providing equity of educational opportunities to every student in BC.

RECOMMENDATION 4- Finance & Audit

The Ministry should consolidate and simplify existing geographic funding supplements, the Supplement for Salary Differential, and relevant special grants outside the block into a single supplement, with two components:

COMPONENT 1 – 'Unique School District' characteristics should reflect some of the operational challenges of school districts compared to the norm by considering:

- The enrolment of a school district compared to the provincial median school district enrolment;
- The distance from communities containing schools to geographic centers containing basic services;
- The climate of a school district, characterized by the cost of providing heating and cooling for schools; and the fuel utilized, and the amount and duration of snowfall in a school district;
- The distribution of students and schools across a school district, as characterized by:
 - The density of the student population in a school district, compared to the highest density school district in the province;
 - The average distance from each school to the school board office, including the effect of geographic features; and
- A modification of the current salary differential funding approach to be based on total compensation and expanded to include all school district employees.

COMPONENT 2 – 'Unique School' characteristics, not addressed in the first component, should recognize the operational challenges of some schools by considering:

- The number of small schools within a school district, with different weightings and sizes used for elementary and secondary schools, and provide an increased contribution where a school is the only one in the community and is persistently under capacity; and
- The persistent over-capacity of schools at the school district level.

STAFF THOUGHTS & CONCERNS

- A number of geographic factors are already recognized in the formula. Our concern would be that more of the Funding envelope gets moved to fund small rural districts that mid-sized districts will need to pay for.
- > Broadening of salary differential to include all School District employees could be positive.

- Appendix B 2018/2019 Operating Grant Tables, pages 43-52.
- > Appendix C Current Funding Model vs New Component Based, page 63.

RECOMMENDATION 5- Finance & Audit

The Ministry should replace all current supplements for enrolment decline and funding protection with a new, transitional, mechanism that allows school districts to manage the impact of enrolment decline over a three year rolling time period (i.e. allowing three years to manage the impact of decline, starting with no funding change in the first year, one-third funding reduction in the second year, two-thirds funding reduction in the third year, and fully implemented funding reduction in the fourth year.)

STAFF THOUGHTS & CONCERNS

Agreed. Ministry needs an exit strategy for funding protection.

REFERENCES

- Appendix A 2018/2019 Operating Grant Manual, pages 18 and 27.
- Appendix B 2018/2019 Operating Grant Tables, pages 38-39 and 53.

RECOMMENDATION 7- Finance & Audit

The Ministry working with the Conseil scolaire francophone de la Colombie-Britannique (CSF), should develop a unique school district factor that recognizes the special characteristics of this province-wide school district, consistent with Recommendations 4, 5 and 6.

STAFF THOUGHTS & CONCERNS

Agreed. If more money is distributed to CSF the quantum must be increased.

RECOMMENDATION 8- Finance & Audit

The Ministry should eliminate the Classroom Enhancement Fund and allocate this funding as part of school district operating grants. This will require negotiated changes to collective agreement provisions.

STAFF THOUGHTS & CONCERNS

Concern that due to the variance in collective agreement language this will be difficult to achieve. Would be very detrimental to use some type of pro-rata allocation to address this as some District's language differs significantly.

REFERENCES

Appendix D - 2018/2019 Summary of Grants to Date, pages 65.

RECOMMENDATION 9- Finance & Audit

The Ministry should base funding allocations for school-age educational programming on the number of students, rather than on the number of courses being taken. The Ministry should phase out the current course-based funding model by the 2020/21 school year.

STAFF THOUGHTS & CONCERNS

- Our district currently has higher Headcount than FTE however that includes a large portion attached to Distance Learning. The Secondary schools each have a higher FTE than Headcount.
- > Dual credit programs should be funded on a course by course basis so they continue to be maintained. This supports the Ministry's Career Education goals.
- An unintended consequence of this recommendation may be the loss of some electives in secondary schools.

REFERENCES

Appendix E – September 30, 2018 1701 Head Count vs Full Time Equivalent (FTE), pages 68-69.

THEME 2: ACCOUNTABILITY

A sound accountability framework is a critical part of the funding allocation model. Improving student outcomes and educational transformation requires accountability for the use of funding.

RECOMMENDATION 16- Finance & Audit

The Ministry should provide ongoing provincial leadership and support to help strengthen governance and management capacity at all leadership levels in school districts.

STAFF THOUGHTS & CONCERNS

Agreed

REFERENCES

Appendix F – Ministry of Education article discussing Education Leadership Development, pages 70-71.

RECOMMENDATION 17- Finance & Audit

The Ministry should expand its workforce planning project and work with school districts to establish a provincial K-12 human capital plan.

STAFF THOUGHTS & CONCERNS

- Human resources and remaining competitive is one of the primary concerns of Districts. Ministry assistance with this would be beneficial.
- ➤ Human resources' recruitment challenge continues to be hiring for specialized positions such as elementary counsellors, resources teachers, French immersion teachers, behavioral CEAs, technicians and trades positions.

THEME 3: FINANCIAL MANAGEMENT

Understanding cost pressures, sound planning and ensuring that resources are used to support student outcomes underpin the education funding system.

RECOMMENDATION 18- Finance & Audit

The Ministry should identify net cost pressures and new program expenditures and, as part of the annual provincial budgeting process, bring them forward to Treasury Board for consideration when the total quantum of public education funding is being set.

STAFF THOUGHTS & CONCERNS

- The current funding model does not directly account for inflationary pressures. These pressures, when not funded, add additional budget burdens to the system.
- ➤ Government changes (both provincial and federal) as well as new programs or initiatives, may impact district costs, especially when unexpected or delivered late in the budgeting process (i.e. utility increases, WCB regulation changes, Employer Heath Tax, indigenous curriculum implementation, Freedom of Information and Protection of Privacy Act (FIPPA), reporting requirements etc.). These related costs are not always easy to manage if a district's annual budget has been finalized or next year's staffing set. As a result, unanticipated costs may cause reductions in staffing or programs to the district.
- ➤ New funding part way through a year can also cause grief because the district may be unable to adequately spend the funds, potentially leading to unspent funds at yearend = operating surpluses.
- If these situations can be addressed early, planning with be more efficient.

RECOMMENDATION 19- Finance & Audit

To support multi-year financial planning:

- Government should issue three-year operating funding to Boards of Education, based on available funding and projected student enrolment; and
- School districts should be required to develop three-year financial plans.

STAFF THOUGHTS & CONCERNS

- > Being provided with three-year operating funding would allow districts to better plan staffing, initiatives and expected operating surpluses as there would be some predictability and stability.
- Risk would still exist as districts would also be required to provide a three-year financial plan and any significant changes in benefits, sick time, utilities etc. would cause a budget pressure.

RECOMMENDATION 20- Finance & Audit

The Ministry should establish clear provincial policies on reserves to ensure consistent and transparent reporting, while maintaining school districts' ability to establish reserves. Specifically, the Ministry should:

- Set clear provincial policies on what school districts may save for, directly related to their strategic plans;
- Establish an acceptable provincial range of unrestricted reserves, encompassing accumulated operating surpluses and local capital, which should be monitored and reported on (if required);

- Ensure that school districts have specific plans attached to each item or initiative when setting reserves, and provide clear reporting on how the funds were spent; and
- Work with school districts to transfer any overages beyond the approved threshold into a fund at the school district level, to be accessed only with Ministry approval.

STAFF THOUGHTS & CONCERNS

- > Reserves will always occur and should be reviewed in context of the size of the District's Budgets.
- Providing districts with some clear guidelines on reserves will be helpful as reserves mitigate risk (to manage unexpected costs such as the Employer Health Tax). Establishing reserves is considered good financial management.
- ➤ Having limits on reserves will reduce the accumulated operating surpluses and cash balances which is a major concern for the Ministry.

REFERENCES

Appendix G – Provincial Analysis of Reserves (Internally and Unrestricted) vs Total Operating Expenses, by District, page 72.

RECOMMENDATION 21- Finance & Audit

There should be no change in the way that locally-generated revenues are treated by the Ministry when calculating operating funding for school districts.

STAFF THOUGHTS & CONCERNS

➤ Districts should not be penalized for being entrepreneurial. It is acknowledged that smaller rural districts perhaps do not have the same opportunities however they are compensated through differentiated funding within the Ministry Operating Grants.

REFERENCES

➤ Appendix H – Provincial Analysis of Miscellaneous Revenue vs Total Operating Revenue, by District, page 73.

RECOMMENDATION 22- Finance & Audit

In the current absence of dedicated funding for some capital expenditures, the Ministry should either:

- Provide capital funding for expenditures that are currently not reflected in the capital program;
- Clarify which items are ineligible for capital program funding and ensure that school districts are
 permitted to establish appropriate reserves that allow them to save for these purchases on their
 own (i.e. accumulated operating surplus, local capital).

STAFF THOUGHTS & CONCERNS

- ➤ Districts believe the current provincially funded capital program is not keeping pace with the province's facility needs.
- For Growing districts (our district) cannot get new space operational fast enough and are buying portables to address the immediate space needs = additional operating costs.
- > Portables are not funded so some districts are creating a reserve to manage this cost pressure.
- > Current capital funding program does not cover minor capital purchases such portables, vehicles, refresh programs, furniture and equipment. This recommendation may address this concern.

> Appendix I – Provincial Analysis of Local Capital vs Total Operating Revenue, by District, page 74.

Resource Management and Executive Financial Office

OPERATING GRANTS MANUAL

2018/19

March 2018

OVERVIEW OF PROVINCIAL FUNDING

The Ministry of Education will be providing a total of \$5.145 billion in operating grants to boards of education in the 2018/19 school year.

School Year	Operating Grants (\$ billions)
2017/18 interim	\$5.039
2018/19 estimated	\$5.170
2019/20	\$5.170*
2020/21	\$5.170*

The General Operating Grants have been estimated using the Funding Allocation System formulae contained in this manual. The calculations are detailed in the following sections.

Tables showing funding amounts for every district are included in a separate, supplementary document. These tables are updated following each enrolment count that occurs during the school year: September, February and May.

The General Operating Grants do not include special purpose or discretionary grants. Details on these grants will be provided when available.

At this time, the contents of this Manual apply only to the 2018/19 school year. A funding model review is currently underway to ensure British Columbia's K-12 public education system receives stable and predictable funding. The new funding model is anticipated to be in place for the 2019/20 school year.

^{*}Operating Grants in future years will vary with student enrolment.

ALLOCATION OF FUNDING TO BOARDS OF EDUCATION

The Funding Allocation System allocates the General Operating Grants using individual district enrolments and specific factors that apply to each school district.

The General Operating Grants are calculated based on estimated enrolment data provided by school districts. The operating grants will be updated based on actual enrolment and other data collected from school districts throughout the school year:

July enrolment count

- o Summer Learning
- o Cross-Enrolled Grade 8 and 9 Students

September enrolment count

- Basic Enrolment-Based Funding
 - Standard Schools enrolment
 - Continuing Education
 - Distributed Learning
 - Alternate Schools
 - Home Schooling
- o Supplement for Enrolment Decline
- o Supplement for Unique Student Needs
 - Special Needs
 - English Language Learning
 - Aboriginal Education
 - Adult Education
- o Supplement for Salary Differential
- Funding Protection

February enrolment count

- Basic Enrolment-Based Funding
 - Continuing Education
 - Distributed Learning
- o Special Needs Enrolment Growth
- o Newcomer Refugees

May enrolment count

- Basic Enrolment-Based Funding
 - Continuing Education
 - Distributed Learning

These grants are calculated based on data collected from the previous school year:

- Course challenges
- Supplement for Significant Cumulative Enrolment Decline
- Supplement for Unique Geographic Factors
 - o Small Community Supplement
 - o Low Enrolment Factor
 - o Rural Factor
 - o Climate Factor
 - o Sparseness Factor
 - Student Location Factor and Supplemental Student Location Factor

TABLE 2b ENROLMENT-BASED FUNDING (SEPTEMBER)

Basic Allocation

➣ For each eligible school-age full-time equivalent (FTE) student enrolled in Standard (Regular), Continuing Education and Alternate schools and reported in the September enrolment count, 2018/19
 \$7,423

For each eligible school-age full-time equivalent (FTE) student enrolled in Distributed
Learning schools and reported in the September enrolment count, 2018/19 \$6,100

Home School Students

For each registered home school student (headcount) reported in the September enrolment count \$250

Course Challenges

For each eligible course challenge from the previous school year

1/32 of the Basic Allocation for enrolment in Standard schools

TABLE 3a

SUPPLEMENT FOR ENROLMENT DECLINE

For each school-age FTE student greater than a 1% decline, but less than or equal to a 4% decline from the previous September:

50% of the Basic Allocation for enrolment in Standard schools

For each school-age FTE student greater than a 4% decline from the previous September:

75% of the Basic Allocation for enrolment in Standard schools

(<u>Note</u>: Decline is the change in enrolment between September 30 enrolment of the current school year and the September 30 enrolment of the previous school year.)

TABLE 3b

SUPPLEMENT FOR SIGNIFICANT CUMULATIVE ENROLMENT DECLINE

For each school-age FTE student greater than a 7% decline between the previous September and the September two years prior to that:

50% of the Current Year Basic Allocation for enrolment in Standard schools

(<u>Note</u>: For 2018/19, the decline is the change in enrolment between the September 30, 2015 and September 29, 2017 enrolments.)

TABLES 4a and 4b SUPPLEMENT FOR UNIQUE STUDENT NEEDS

	2018/19 per student
TABLE 4a – SPECIAL NEEDS STUDENTS	
For each Level 1 headcount student (includes students identified as Physically Dependent or Deafblind)	\$38,800
For each Level 2 headcount student (includes students identified as Moderate to Profound Intellectual Disability, Physical Disability or Chronic Health Impairment, Visual Impairment, Deaf or Hard of Hearing, Autism Spectrum Disorder)	\$19,400
For each Level 3 headcount student (includes students identified as Intensive Behaviour Interventions or Serious Mental Illness)	\$9,800
TABLE 4b – OTHER UNIQUE STUDENT NEEDS	
	\$1,420
	\$1,230
	\$4,696

<u>Note</u>: The funding amounts above are provided only for September enrolment. Please see Tables 10 and 13 for Adult Education funding for the February and May enrolment counts, Table 11 for mid-year special needs enrolment growth, and Table 12 for ELL/FLL funding for Newcomer Refugee enrolment for the February enrolment count.

Note: Adult Education students who have already graduated are funded for eligible courses separately through a discretionary grant.

TABLE 4c

SUPPLEMENT FOR UNIQUE STUDENT NEEDS – VULNERABLE STUDENTS

The Supplement for Vulnerable Students provides funding to districts to assist with providing services to vulnerable students in addition to the CommunityLINK special purpose grant.

This supplement is calculated based on the following factors and sub-components:

- Economic conditions (65%)
 - o Income Assistance (40%)
 - Deep poverty (30%)
 - Moderate poverty (30%)
- Demographic vulnerability (12.5%)
 - Aboriginal population (50%)
 - o Single parent (30%)
 - o Recent immigrant (20%)
- Social conditions (12.5%)
 - o Children in care (60%)
 - o Serious crime (20%)
 - o Suicide/homicide (20%)
- Educational attainment (10%)
 - o Adults without high school graduation (100%)

The above formula was calculated and compared to the 2012/13 CommunityLINK allocation. Districts that generated less funding through this formula than their CommunityLINK allocation will have their CommunityLINK funding maintained at their existing amounts. Districts that generate more funding through this formula will receive the Supplement for Vulnerable Students in addition to their CommunityLINK allocation.

TABLE 5

SUPPLEMENT FOR SALARY DIFFERENTIAL

The Supplement for Salary Differential provides additional funding to districts with higher average teacher salaries. The estimated Supplement for 2018/19 is based on average educator salaries as at September 29, 2017. This Supplement will be recalculated in the autumn based on actual educator salaries as at September 28, 2018.

The calculation for the supplement uses the following data and process:

The count for regular teachers includes all those who are classroom teachers, helping teachers, other instructional support, department heads and regular teachers receiving administrative allowances other than department heads. Teachers reported as Distributed Learning Educators, Continuing Education, or Exchange Teachers are included, but teachers reported in Provincial Resource Programs (PRPs), Youth Custody/Residential Attendance Centres, and the Conseil Scolaire Francophone are excluded. Teachers who were reported with no grid category are also excluded, with the exception of Continuing Education teachers reported by SD 39 (Vancouver).

Base salary is added to isolation allowance to arrive at total salary. In addition, as most vice-principals also teach in the classroom, the number of FTE vice-principals is included at the Category 6 maximum teacher salary. The increments, as reported after September 28, 2018, will be included as part of the average educator salary calculation.

Each district's average teacher salary is compared to the provincial average and the variance is shown in the second column. The variance is then multiplied by an estimated number of educators, which is calculated by taking the total district (school-age and adult) enrolment divided by 18, the estimated average student/educator ratio for the province. The estimated number of educators is then multiplied by the salary differential for each district to generate the Provincial Average Salary Differential.

Following this, a per FTE amount is allocated based on total district enrolment (school-age and adult). The Provincial Average Salary Differential and the per FTE allocation comprise the Supplement for Salary Differential.

TABLE 6a

SUPPLEMENT FOR UNIQUE GEOGRAPHIC FACTORS – SMALL COMMUNITY SUPPLEMENT

The Small Community Supplement is provided when a student population within a defined area does not exceed 250 elementary students and/or 635 secondary students. This defined area is the number of FTE students in a single school, or the combined total of FTE students of all schools located within 5 kilometres by the shortest road distance for elementary schools and 25 kilometres by the shortest road distance for secondary schools. Only standard (regular) schools are eligible for this supplement.

The Small Community Supplement is based on the previous year's enrolment. For 2018/19, the Supplement is determined using funded FTE enrolment as at September 29, 2017.

The Supplement is calculated for each "community" by placing the number of FTEs into the applicable formula that appears below for each of the three categories. The totals for each community are then aggregated to provide a total district funding amount for the Small Community Supplement.

1. Elementary Small Community Funding

Eligibility: Communities with 250 or fewer elementary school-age FTE students and that do not qualify for 1a. below.

- For each community with 8 or fewer elementary FTEs: \$79,620
- For each community with 9 to 110 elementary FTEs: \$167,300
- ★ For each community with 110 to 250 elementary FTEs: \$167,300 – (\$1,195 x (FTE – 110))

1a. Elementary Small Community Funding – Small Remote Schools

Eligibility: Communities with 75 or fewer elementary school-age FTE students **AND** at least one of the following:

- The school is located at least 40 kilometres by road from the next nearest elementary school
- The school is located at least 5 kilometres from the next nearest elementary school, which can only be accessed by gravel road, logging road or by water
- For each community with 15 or fewer elementary FTEs: \$169,720
- For each community with 16 to 75 elementary FTEs: \$190,885
- **Note**: a community can only be eligible for one of 1. or 1a. above.

2. Secondary Small Community Funding

Eligibility: Communities with 635 or fewer secondary school-age FTE students

- For each community with 100 or fewer secondary FTEs: FTEs x \$4,815
- For each community with 100 to 635 secondary FTEs: \$481,500 (\$900 x (FTEs 100))

3. Grade 11 and 12 Small Community Funding

Eligibility: Communities eligible for the Secondary Small Community Funding, and with school-age enrolments in Grades 11 and/or 12:

- For each community with 15 or fewer Grade 11 & 12 FTEs: \$12,940 per FTE
- For each community with more than 15 and less than 215 Grade 11 & 12 FTEs: $$194,100 ((FTE 15) \times $970.50)$

TABLE 6b

SUPPLEMENT FOR UNIQUE GEOGRAPHIC FACTORS – LOW ENROLMENT FACTOR

The Low Enrolment Factor is based on the previous year's enrolment. For 2018/19, the Low Enrolment Factor is determined using enrolment as at September 29, 2017.

- ☑ Eligibility: 2,500 or fewer District school-age FTEs: \$1,388,750
- Eligibility: Greater than 2,500, but fewer than 15,000 District school-age FTE: \$1,388,750 − (\$111.10 x (FTE − 2,500))

Districts where school-age enrolment exceeds 15,000 FTE are not eligible for this supplement.

TABLE 6c

SUPPLEMENT FOR UNIQUE GEOGRAPHIC FACTORS - RURAL FACTOR

The Rural Factor is calculated using:

- Population of city in which the Board office is located
- Distances from Board office to Vancouver and the nearest regional centre*

(5 – Population Scale) x 100 + km to Vancouver + km to Regional Ctr = Rural Index (%) 100

To be eligible for this supplement, the city in which the Board office is located must be located at least 100 kilometres from Vancouver by road.

For each school district, the Rural Index is multiplied by the previous September's Basic Allocation funding. The Rural Factor is weighted at 20%.

Regional Centres are defined as population centres with a minimum population base of 70,000, according to Statistics Canada, 2006 Census.

*Additional weighting is applied to distances to Vancouver and to the nearest regional centre where there is a water separation that requires ferry travel.

TABLE 6d

SUPPLEMENT FOR UNIQUE GEOGRAPHIC FACTORS – CLIMATE FACTOR

Degree Days of Cooling

The number of Degree Days of Cooling is taken from Environment Canada's "Canadian Climate Normals, 1981-2010", and represents the number of degrees that the mean temperature for a given day is **above** 18 degrees Celsius. These Days are averaged by month and year using the 30-year average. Days of Cooling are used to estimate the additional cooling requirements of buildings as a part of the Climate Factor funding.

Degree Days of Heating

The number of Degree Days of Heating is also taken from Environment Canada's "Canadian Climate Normals, 1981-2010", and represents the number of degrees that the mean temperature for a given day is **below** 18 degrees Celsius. These Days are averaged by month and year using the 30-year average. Days of Heating are used to estimate the additional heating requirements of buildings as a part of the Climate Factor funding.

The Degree Days of Cooling and the Degree Days of Heating for each district have been added together to reach the **Total Climate Degree Days**. Total Climate Degree Days have been indexed to the provincial minimum of 2,748.3 Climate Days (SD 46 – Sunshine Coast). The Climate Index, therefore, represents the additional heating and cooling days above the provincial minimum (Total Climate Days – Provincial Minimum).

For each district, the Climate Index is multiplied by their previous year's Basic Allocation funding. Climate Factor funding is weighted at 5%.

The Climate Factor is calculated as follows:

<u>Total Climate Days – provincial minimum</u> x previous year's Basic Allocation x 5% 10,000

TABLE 6e

SUPPLEMENT FOR UNIQUE GEOGRAPHIC FACTORS – SPARSENESS FACTOR

The Sparseness Index addresses the fact that certain districts have a greater financial burden than others resulting from the separation of schools from the board office. Additional costs arise from increased travel.

Columns 1 to 3 show the total paved, gravel and water distance in kilometres which separate dispersed schools from their board office. A school is eligible for inclusion in the Sparseness Index calculation if that school is more than 40 kilometres from its board office or if it is separated by water. 40 kilometres is known as the "threshold distance".

The Sparseness Index is calculated as follows:

- 1. Column 5 is the Total Weighted Distance of dispersed schools from their board office. It is calculated as the sum of paved road distance, gravel road distance weighted by 1.5, and water distance weighted by 7.5. To reflect waiting times for ferries, 150 kilometres is added to the Total Weighted Distance for each dispersed school separated by water (Column 4). An additional \$200,000 is provided for each dispersed school separated by water where the distance exceeds 50 kilometres (Column 12).
- 2. Column 6 indicates the Average Distance of dispersed schools from their board office. It is arrived at by dividing Total Weighted Distance (Column 5) by the number of dispersed schools (Column 11).
- 3. Column 7 is the Average Distance to Threshold Ratio. It is arrived at by dividing Column 6 from the board office by the threshold distance (40 km).
- 4. Column 10 is the Dispersed FTE Enrolment (Column 9) as a percentage of total FTE Enrolment (Column 8). Enrolment is all funded school-age FTE as of September 30 of the previous year, excluding Distributed Learning students.
- 5. The Sparseness Index is derived as follows:
 - [Average Distance-to-Threshold Ratio (Column 7)]
 - X [Sparse Enrolment Percentage (Column 10)]
 - X [Number of Eligible Schools (Column 11) plus Board (taken as 5)]

The product of these factors is then divided by 100 to convert to the percentage known as the Sparseness Index.

For each district, the Sparseness Index is multiplied by their previous year's Basic Allocation funding. Sparseness Factor funding is weighted at 12%.

TABLE 6f

SUPPLEMENT FOR UNIQUE GEOGRAPHIC FACTORS – STUDENT LOCATION FACTOR

The Student Location Factor provides funding to districts based on standard school enrolment and the school-age population density of communities within that district.

The Student Location Factor is calculated as follows:

- The community clusters as determined in the Small Community Supplement calculation are used
- 2. The school-age population density according to the 2011 Census, Statistics Canada is identified for each community cluster
- 3. The number of school-age FTE enrolled in standard schools from the previous school year is weighted according to the cluster's school-age population density:

Schoo	ol-Age	Regional			
Populatio	n Density	Centre or a	Eligible for		
		District not	Small		
Greater		eligible for	Community		
or Equal	Less	Rural Factor	Supplement	Neither	Both (1)
to	Than	(1)	(2)	(1) nor (2)	and (2)
0	18	1.5	4	4	4
18	50	0.5	1	1	1
50	85	0.25	1	0.5	0.5
85	200	0.05	1	0.1	0.1
200	1,000	0.02	0.5	0.04	0.04

- 4. Exceptions to the above table are applied:
 - a. Where elementary enrolment for a community cluster exceeds the elementary-age population for that community according to the 2011 Census and the community is not a Regional Centre or the district is not eligible for the Rural Factor, the weighting is doubled. This exception does not apply to school districts that are not eligible for the Rural Factor.
 - b. For communities where there is no secondary enrolment, the nearest community with secondary enrolment has been identified, along with all other neighbouring communities without secondary enrolment. In such cases, the weighting for the community with secondary enrolment is modified by the proportional weightings of the non-secondary clusters based on enrolment.
- 5. Examples For every weighted elementary FTE, \$259.50 is provided and for every weighted secondary FTE, \$346.00 is provided.
- 6. A district base amount of \$50,000 is provided to every district with fewer than 500 FTE enrolled in standard schools during the previous school year.

TABLE 6g

SUPPLEMENT FOR UNIQUE GEOGRAPHIC FACTORS – SUPPLEMENTAL STUDENT LOCATION FACTOR

As a supplement to the Student Location Factor, this factor provides \$5,000 for every eligible Level 1 special needs student and \$1,000 for every eligible Level 2 special needs student. Enrolments are as at September of the previous school year.

TABLE 7

FUNDING PROTECTION

Funding Protection is an additional amount provided to eligible school districts to ensure that districts are protected against any funding decline larger than 1.5% when compared to the previous autumn.

Funding Protection is determined by comparing the total recalculated operating grants from the autumn of the previous school year to total autumn operating grants for the current year. For districts where declines exceed 1.5%, Funding Protection will provide additional funding in an amount that ensures the year-to-year decline is no greater than 1.5%.

Labour settlement funding allocated through the operating grant formula is excluded from the Funding Protection calculation for 2018/19 and is subject to change in the autumn when actual September enrolment is known.

Funding Protection does not include any grants provided outside the general operating grants. In the determination of Funding Protection, audit adjustments will be deducted from districts' previous school year's operating grants. In addition, audit adjustments will be recovered from districts where applicable, including those eligible for Funding Protection.

Funding Protection will only be updated during the recalculation of the operating grants following the September enrolment count and is not recalculated again during the school year.

TABLE 8 SUPPLEMENT FOR THE EDUCATION PLAN, 2018/19

The Supplement for the Education Plan is provided to assist districts with implementing initiatives as part of the Education Plan.

The supplement is calculated based on the previous year's September school-age FTE enrolment at \$20 per FTE, with each district receiving a minimum of \$10,000.

Further details regarding the use of this supplement will be provided to boards of education annually by letter.

The Supplement for the Education Plan is not included in the calculation of Funding Protection.

TABLE 9a

SUMMER LEARNING

Funding is provided to boards of education for non-graduate school-age students who enrol in summer learning courses that lead to graduation based upon a set funding schedule.

The funded amount depends on the category of summer course. Boards of Education may report the number of course enrolments for those courses started after July 1 and completed before August 31 in the same calendar year. Funding will be provided in the following amounts:

Grades 1 through 7:

EX Courses that align with the provincial curriculum and have a minimum of 40 hours of instruction will be funded at \$212 per student (headcount).

Grades 8 through 9:

○ Courses that align with the provincial curriculum and have a minimum of 40 hours of instruction will be funded at \$212 per course.

Grades 10 through 12:

- Partial courses that align with the provincial or board/authority authorised curriculum and have a minimum of 40 hours of instruction will be funded at \$212 per course.
- Four-credit courses that meet all provincial or board/authority authorised learning outcomes within the provincial curriculum will be funded at \$423 per course.

The types of instruction for which the Ministry will <u>not</u> provide funding include summer camps, Distributed Learning, Provincial Resource Programs, students not resident in British Columbia, students who have not yet completed Kindergarten, adult students, school-age graduates, exchange students, and prep courses.

TABLE 9b SUMMER LEARNING SUPPLEMENTAL FUNDING

Students eligible for summer learning funding who also qualify for English/French Language Learning, Aboriginal Education and/or special needs funding will be funded at 1/16 of the appropriate supplement(s).

	2018/19 per student
For each Level 1 headcount student (includes students identified as Physically Dependent or Deafblind)	\$2,425
For each Level 2 headcount student (includes students identified as Moderate to Profound Intellectual Disability, Physical Disability or Chronic Health Impairment, Visual Impairment, Deaf or Hard of Hearing, Autism Spectrum Disorder)	\$1,213
➣ For each Level 3 headcount student (includes students identified as Intensive Behaviour Interventions or Serious Mental Illness)	\$613
	\$89
	\$77

TABLE 9c CROSS-ENROLLED GRADE 8 & 9 STUDENTS

School-age students in Grades 8 and 9 can enrol in multiple locations and be funded for eligible courses, as long as at least one of their educational programs is delivered in whole or in part through Distributed Learning.

Course enrolment is counted in July for courses in which enrolment occurred during the previous school year. In order to be eligible for cross-enrolment funding, the student must have been enrolled and funded as a Grade 8 or 9 school-age student as at September 30 of the previous school year.

TABLE 10 ENROLMENT-BASED FUNDING (FEBRUARY)

CONTINUING EDUCATION

Basic Allocation

For each eligible school-age full-time equivalent (FTE) student enrolled in Continuing Education and reported in the February enrolment count, 2018/19 \$7,423

Non-Graduated Adult Education Students

DISTRIBUTED LEARNING

Basic Allocation

For each eligible school-age full-time equivalent (FTE) student enrolled in Distributed
Learning in Kindergarten to Grade 9 and reported in the February enrolment count, 2018/19
\$3,050

For each eligible school-age full-time equivalent (FTE) student enrolled in Distributed Learning in Grades 10 to 12 and reported in the February enrolment count, 2018/19

\$6,100

Non-Graduated Adult Education Students

For each eligible non-graduated Adult Education full-time equivalent (FTE) student enrolled in Distributed Learning and reported in the February enrolment count, 2018/19

\$4,696

<u>Note</u>: Adult Education students who have already graduated are funded for eligible courses separately through a discretionary grant.

TABLE 11

SPECIAL NEEDS ENROLMENT GROWTH (FEBRUARY)

The total number of special needs full-time equivalent (FTE) students enrolled in regular, continuing education, alternate and distributed learning schools reported in the February enrolment count are compared to those reported in the previous September enrolment count.

Where, in each of Levels 1, 2 and 3, enrolment is greater in February than it was the previous September, 50% of the supplemental special needs per FTE funding amount is provided. No adjustment is made for any declines in enrolment.

	2018/19 per student (enrolment growth only)
For each Level 1 headcount student (includes students identified as Physically Dependent or Deafblind)	\$19,400
For each Level 2 headcount student (includes students identified as Moderate to Profound Intellectual Disability, Physical Disability or Chronic Health Impairment, Visual Impairment, Deaf or Hard of Hearing, Autism Spectrum Disorder)	\$9,700
For each Level 3 headcount student (includes students identified as Intensive Behaviour Interventions or Serious Mental Illness)	\$4,900

TABLE 12

NEWCOMER REFUGEES (FEBRUARY)

To assist districts with the costs associated with enrolling refugees who enrol subsequent to the September enrolment count, additional funding is provided for newcomer refugees enrolled by the time of the February enrolment count. Supplemental funding for English/French Language Learning is also provided at 50% of the full year amount, if the student is eligible.

Basic Allocation

For each eligible school-age full-time equivalent (FTE) student with documentation of refugee status who is enrolled in a standard or alternate school in the February enrolment count and who was not reported in the previous September enrolment count, 2018/19

\$3,712

For each school-age full-time equivalent (FTE) newcomer refugee student above who also qualifies for English/French Language Learning, 2018/19 \$710

TABLE 13 ENROLMENT-BASED FUNDING (MAY)

CONTINUING EDUCATION

Basic Allocation

For each eligible school-age full-time equivalent (FTE) student enrolled in Continuing Education and reported in the May enrolment count, 2018/19 \$7,423

Non-Graduated Adult Education Students

➤ For each eligible non-graduated Adult Education full-time equivalent (FTE) student enrolled in Continuing Education and reported in the May enrolment count, 2018/19 \$4,696

DISTRIBUTED LEARNING

Basic Allocation

For each eligible school-age full-time equivalent (FTE) student enrolled in Distributed Learning in Kindergarten to Grade 9 and reported in the May enrolment count, 2018/19

\$2,033

For each eligible school-age full-time equivalent (FTE) student enrolled in Distributed
Learning in Grades 10 to 12 and reported in the May enrolment count, 2018/19
\$6,100

Non-Graduated Adult Education Students

➢ For each eligible non-graduated Adult Education full-time equivalent (FTE) student enrolled in Distributed Learning and reported in the May enrolment count, 2018/19 \$4,696

Note: Adult Education students who have already graduated are funded for eligible courses separately through a discretionary grant.

	Operating G	rant Manual
Current Funding Model Supplements	Table	Page
Salary Differential	5	8
Provides additional funding to districts with higher average eacher salaries.		
Unique Geographical Factors a). Small Community - provided when a student population within a defined area does not exceed 250		
elementary &/or 635 secondary students.	6a	9
o). Low Enrolment - districts where school age enrolment exceeds 15,000 FTE are not eligible.	6b	10
c). Rural - Calculated using city population where board office is distance fr board office to Vancouver or nearest		
regional centre. 1). Climate - total climate degree, compared to provincial minimum to determine additional heating/cooling days	6c	10
above prov minimal. 2). Sparesness - Addresses that certain districts have a greater financial burden than others (i.e. additioanl travel	6d	11
o board office). Student Location - Provides funding to districts on	6e	12
standard school enrolment & the school age population density of cummunities with that district. 3). Supplemental Student Location - Provides an additional \$5,000 for every eligible Level 1 special needs	6f	13
student & \$1,000 for every eligible Level 2 special needs student.	6g	14

New Component Based Approach

Component 1

Reflects operational challenges of districts compared to the norm by considering:

- a). District enrolment compared to provincial median
- b). Distance from schools to centers with services.
- c). Climiate (heat/cool), fuel utiltiized, snowfall
- d). Distribution of students, in particular: (i) density of student population compared to highest density district in the province & (ii) average distance fr each school to the board office.
- e). Salary differential factor to expand & include total compensation & all district emploiyees

Component 2

Reflects operational challenges not addressed in the first component by considering:

- a). Over capacity of schools
- b). # of small schools within a district (weighted) so an increased contribution can be provided to those schools that are th eonly one in a community & are persistently under capacity.

TABLE A SUMMARY OF GRANTS TO DATE, 2018/19

Students to benefit from investments in educational leadership

https://news.gov.bc.ca/17388 Wednesday, June 13, 2018 8:00 AM

victoria - The Government of British Columbia is increasing leadership development funding for more than 3,500 education leaders, to meet the rapidly changing needs of students and communities throughout the province.

"Our education system is evolving at a very fast pace," said Rob Fleming, Minister of Education. "Providing students with the skills and knowledge needed in an ever-changing 21st-century world requires leaders who are empowered to drive schools toward the future."

Aimed at professionals in leadership roles and those aspiring to leadership, the Ministry of Education will increase professional learning development funding from \$200,000 in 2017-18, to \$600,000 in 2018-2019, with a further \$800,000 investment in 2019-2020. This brings the three year total funding to \$1.6 million.

Expanded leadership development will enable new and existing professional learning opportunities across the education system, including:

- training and mentorship for new school and district leaders
- increased financial training for district leaders
- additional training in B.C's new curriculum and supporting Indigenous education
- managing the training of new leaders who are replacing retirees
- recruitment, training and mentoring supports for new Indigenous education leaders

Students will benefit from leadership development that is focused on improving students' success and contributes to an innovative, dynamic and high-performing school life.

The ministry has partnered with the B.C. School Trustees Association, BC School Superintendents Association, BC Association of School Business Officials, B.C. Principals' and Vice-Principals' Association and the Federation of Independent School Associations in B.C., to create a leadership development framework.

"We are grateful to the Ministry of Education for recognizing leadership is the key to improving student success," said Tom Longridge, president of the BC School Superintendents Association. "Investing additional support is critical to this goal. Each partner group plays an integral role, and we look forward to continued collaboration for strengthening our already world-class education system."

"As co-governors of B.C.'s public education system, we are very supportive of the government's commitment to leadership development within the K-12 system," said Gordon Swan, president of the B.C. School Trustees Association. "This action will have a significant, positive impact on students and staff for years to come."

Appendix F

"Our leaders keep our public education system at the world's top tier, and they are essential for continuing student achievement," said Kevin Reimer, president of the B.C. Principals' and Vice-Principals' Association. "We welcome the ministry's partnership in our endeavours."
