Re:

2014 School Opening Report - Part 2

1. RELEVANT BOARD MOTION/DIRECTION

Annual report requested by the Board.

2. BACKGROUND

At the second Public Board Meeting of the year held on September 24, 2014, general information was provided for the time period of September 22 to 24, 2014. As there have been additional adjustments and refinements since September 24, 2014, it was agreed that Part 2 of the School Opening Report would be provided to the Board on October 8th, 2014.

3. INFORMATION STATEMENT

District Enrolment Trends

Overall, District enrolment has increased by 14 students over last year. We currently have 21, 327 students. The differences between this year and last year are as follows:

- Secondary schools are 40 students over their projected enrolment, and they have 230 more students than they had by September 30, 2013
- Middle schools are 50 students over their projected enrolment, and they have 15 more students than they had by September 30, 2013
- Elementary schools are 7 students over their projected enrolment, but more significantly they have 164 fewer students than they had by September 30, 2013 (Most of this reduction is as a result of the change in grade configurations in the Mission and Lake Country zones of the District.)
- Alternate student enrolment is currently 309 students compared to 404 students for the same time last year. However, this number is expected to increase prior to the provincial enrolment count of October 17, 2014

Student Migration and Transfers

While the total number of students in the School District is increasing slightly this year, where those students live and attend school is gradually changing. Appendix 2 provides a detailed analysis of the change in enrolment by individual school, level and zone between last year and this year.

Teacher Hiring

The Human Resources Department has completed the initial placement of teaching staff for school start-up. Actual enrolment from the elementary schools resulted in some minor organizational changes being necessary to accommodate the difference between projected and actual enrolment.

Additional staff has been added to Bankhead Elementary, Glenrosa Elementary, Rose Valley Elementary and Shannon Lake Elementary Schools. The recent provincial agreement called for ten minutes per week increase in preparation time for elementary teachers and has resulted in additional time being added to schools across the district.

Staffing at the middle and secondary levels has been relatively stable with 1 additional FTE added to Dr. Knox Middle to accommodate increased grade 7 enrolment and keep class size under 30. With school having started on September 22, the secondary schools are still working to balance class size with a few schools adding small blocks of time to keep class sizes down.

With the changing demographics at the secondary school level and the opening of the new Mar Jok Elementary in West Kelowna, we had 26 teaching positions declared surplus this spring. During the months of May and June, a total of 203 teacher postings were filled (compared to 134 last year). All of the teachers whose positions were declared surplus were successful in finding positions for the upcoming school year. This summer approximately 108 temporary contracts were awarded to teachers. The majority of these temporary assignments were created due to teachers taking a leave of absence for a variety of reasons (maternity and parental leaves, medical leaves, leaves to participate in job share assignments and self-funded leaves) as well as the addition of Learning Improvement Funds. There were also several teachers who made the decision to retire over the summer. Since May 2014 we have hired 58 individuals to our Teacher Teaching on Call (TTOC) We anticipate recruiting an additional 25-30 TTOCs with an emphasis on experienced Kindergarten, Primary, French Immersion, and Learning Assistance teachers. We will continue to recruit teachers on call for specialty subject areas such as Band, Counselling, and Technology Education.

Our partnership with the Teacher Education Program at UBC-Okanagan continues to provide our District with high quality beginning teachers throughout K-12 with a graduating class last year of approximately 120 elementary and secondary teachers. We currently have approximately 148 student teachers assigned to our schools in the Central Okanagan and anticipate receiving additional requests from other universities in the province.

Over the month of October we will be recruiting CEA's, Bus Drivers and Teachers.

Transportation

This is the sixth year of having a transportation user fee, and the transportation system outcomes are similar when compared to last year. Parents are becoming more familiar with the system although hundreds of parents still call or register online with last minute requests because they forgot to register before school commenced. As of Thursday, October 2, 2014 there were 5,173 (5,219 in 2013) applications for busing in the system with 4,657 (4,362 in 2013) students having been assigned seats. Unprocessed applications are a combination of requests for eligible, courtesy and for routes that do not currently exist. Payment has been received for 4,175 (3,983 in 2013) students. There have been 189 subsidy requests this year which is similar to the prior year and in line with expectations.

Career Preparation

Our Career Preparation, Secondary School Apprenticeship and Dual-Credit Programs continue to be recognized at the provincial level. Final enrolment figures for these programs are not yet available, but are anticipated to be very strong. Mid-year startup for many Dual Credit Programs means that total enrolment will not be finalized until February.

Portables and Vacant Classrooms

At present, the School District is utilizing 64 portable classrooms (16 at elementary, 17 at middle and 31 at secondary) along with 15 modular classrooms for student learning. This number is inclusive of the annex at Okanagan Mission Secondary School and the new annex at George Elliot Secondary School. We currently have 22 vacant portables. The number of vacant portables is significantly higher over last year (six) due to the opening of Mar Jok Elementary School and the Okanagan Mission Secondary School addition. However, long-term student growth projections indicate enrolment will grow faster than new permanent classroom space will be built resulting in an expected need for the portables in the near future. Also, there are 4 portables loaned to Kelowna Flightcraft, one portable used by BCIT at Quigley Elementary School, and one portable at the School Board Office. The total inventory now is 92 portables and 15 modular classrooms.

Extra-Curricular

School sports kicked off this year with high school football teams beginning pre-season practices and exhibition games. Mount Boucherie Secondary, Kelowna Secondary and Rutland Senior Secondary Schools are all fully engaged in play already. Other extra-curricular sports taking place in the fall, including volleyball, rugby, field hockey and cross-country running events are anticipated to commence shortly. Once again this year, we are appreciative of the volunteer efforts of our many coaches, including teachers, parents and community members.
