There may be an executive meeting in the summer to start deciding on what can be started. Nadia can plan a meeting with Michelle once she is aware of how things will look due to covid rules.

Amanda Pratt asked how much involvement is needed from members. Mary Sullivan mentioned that it is important to be there to help vote and it is a chance for parents to know what is coming up.

It was confirmed by Heather Eccles that we should have at least 3 people with signing authority. It was advised that the president, vice and treasurer should have signing authority to make it easy.

George Heppner said it would be best to have the minutes approved before going to the bank to change over the signing authority. He also pointed out that the minutes should be posted for everyone to see. There was a suggestion made that it could be put on the school website. Once approved, Nadia will post it on the website.

Heather Eccles will look into the grant dates. She will also make an appointment at the bank to take her name off or the signing authority.
