

INCLUSIVE POST-SECONDARY EDUCATION

REACH YOUR DREAMS AND MAKE
THE NEXT STEP IN YOUR EDUCATION

Application Timeline

SEPT/OCT

Campus openings are posted on our website

JAN

Connect with a Campus Facilitator & send in your application

FEB

Every applicant is interviewed by a campus facilitator

APRIL/MAY

Applicants find out if their application was successful

MAY/JUNE

Campus facilitator follows up with all applicants

WHO WE ARE

We provide inclusion support for students with an intellectual or developmental disability to access post-secondary education.

Students are supported to enroll at the university or college of their choice, pursue studies and engage in student life in the same classes and places as any other student. Course work is modified as the student requires to engage in all class learning activities.

Upon completion of their studies, each student is awarded a Certificate of Completion by the institution at the regular Convocation alongside their peers in their major.

WHO CAN ENROLL?

A person with an intellectual or developmental disability who wants to attend university or college. There are no minimum academic or support related requirements to access PSE through STEPS Forward.

Student Selection is based on the person's desire to attend PSE as part of their pathway towards a career and inclusive life.
