Subject: Invitation to Speak at Relay For Life 2024 | OKM | June 6th, 2024

Dear, Ms. Fraser

I hope this email finds you well! My name is Harry and I am one of the Ceremonies Captain for this year's Relay for Life event. We are reaching out to members of our school community who have been touched by cancer in various ways to share their stories and inspire others. I heard from Ms. Mulleney and my other Committee members that you would potentially be interested in sharing your story.

If you are interested in attending, we would be honoured to have you participate in our event! Whether you want to deliver a short speech as a cancer survivor or simply be there to lead the survivors lap, we welcome you and would be excited for your participation.

Our Relay For Life event is confirmed to be on June 6th this year, running from 15:15 - 1900. Our fundraising goal this year is \$40,000, and we are hoping to get around 300 participants to join us in this event to fight against cancer.

If you are interested and available to attend on this date, please email me so we can give you more details you may need and keep you updated on how the preparation for the event is going. Furthermore, if you know of any additional survivors who might be interested in sharing their experiences, please let us know as we will welcome their participation as well! If you can not make this time but still wish to contribute, I CCed Kevin Kim who is our Marketing Captain, and you may share your experience through a quick video interview with him if you'd like.

We truly believe that your story would be highly impactful to everyone in the community and we welcome you to attend with open arms! Thank you for considering this opportunity to make a difference through your story.

Kind regards,

Harry Yoshu

OKM Ceremonies Committee Captain | Relay For Life 2024
