Dear Board of Trustees,

Thank-you for receiving this correspondence.

This past Wednesday (10may2023), I attended your full board meeting and asked a question. The question was whether or not the board recognizes the transgender ideology as legitimate.

After asking my question, I was asked "What do you mean?" I explained the transgender ideology claims that each person has a sense of their true "gender identity" and this identify may be other than their birth gender. That is, their "birth gender", either male or female, is different than their "lived gender", they identify as being.

Although several trustees commented on my question prior to the vote on agenda 13.4, saying "the Board supports all children", that does not answer my question. My question remains unanswered. The is does the board recognize the transgender ideology as legitimate. The answer to this question is either "yes" or "no" and I am expecting an answer.

Thank you for your community service - rmd
